Loudoun County continues to hold the top spot in the U.S. for median household income, according to a recent survey published by the U.S. Census Bureau. Loudoun, which county officials say has held the top spot for the past 12 years, came in at \$139,915 in 2018.

- As the county's most recent emerging retail node, with an ample amount of retail under construction and/or recently completed, the Arcola/Route 50 submarket has a mix of neighborhood oriented retail that caters to the surrounding community.

- The majority of the retail is located along Route 50 with a growing node around the intersection of Evergreen Mills Road and Loudoun County Parkway

- The tenant mix within this submarket is driven by the convenience in relation to customers' place of residents and the route to and from work.

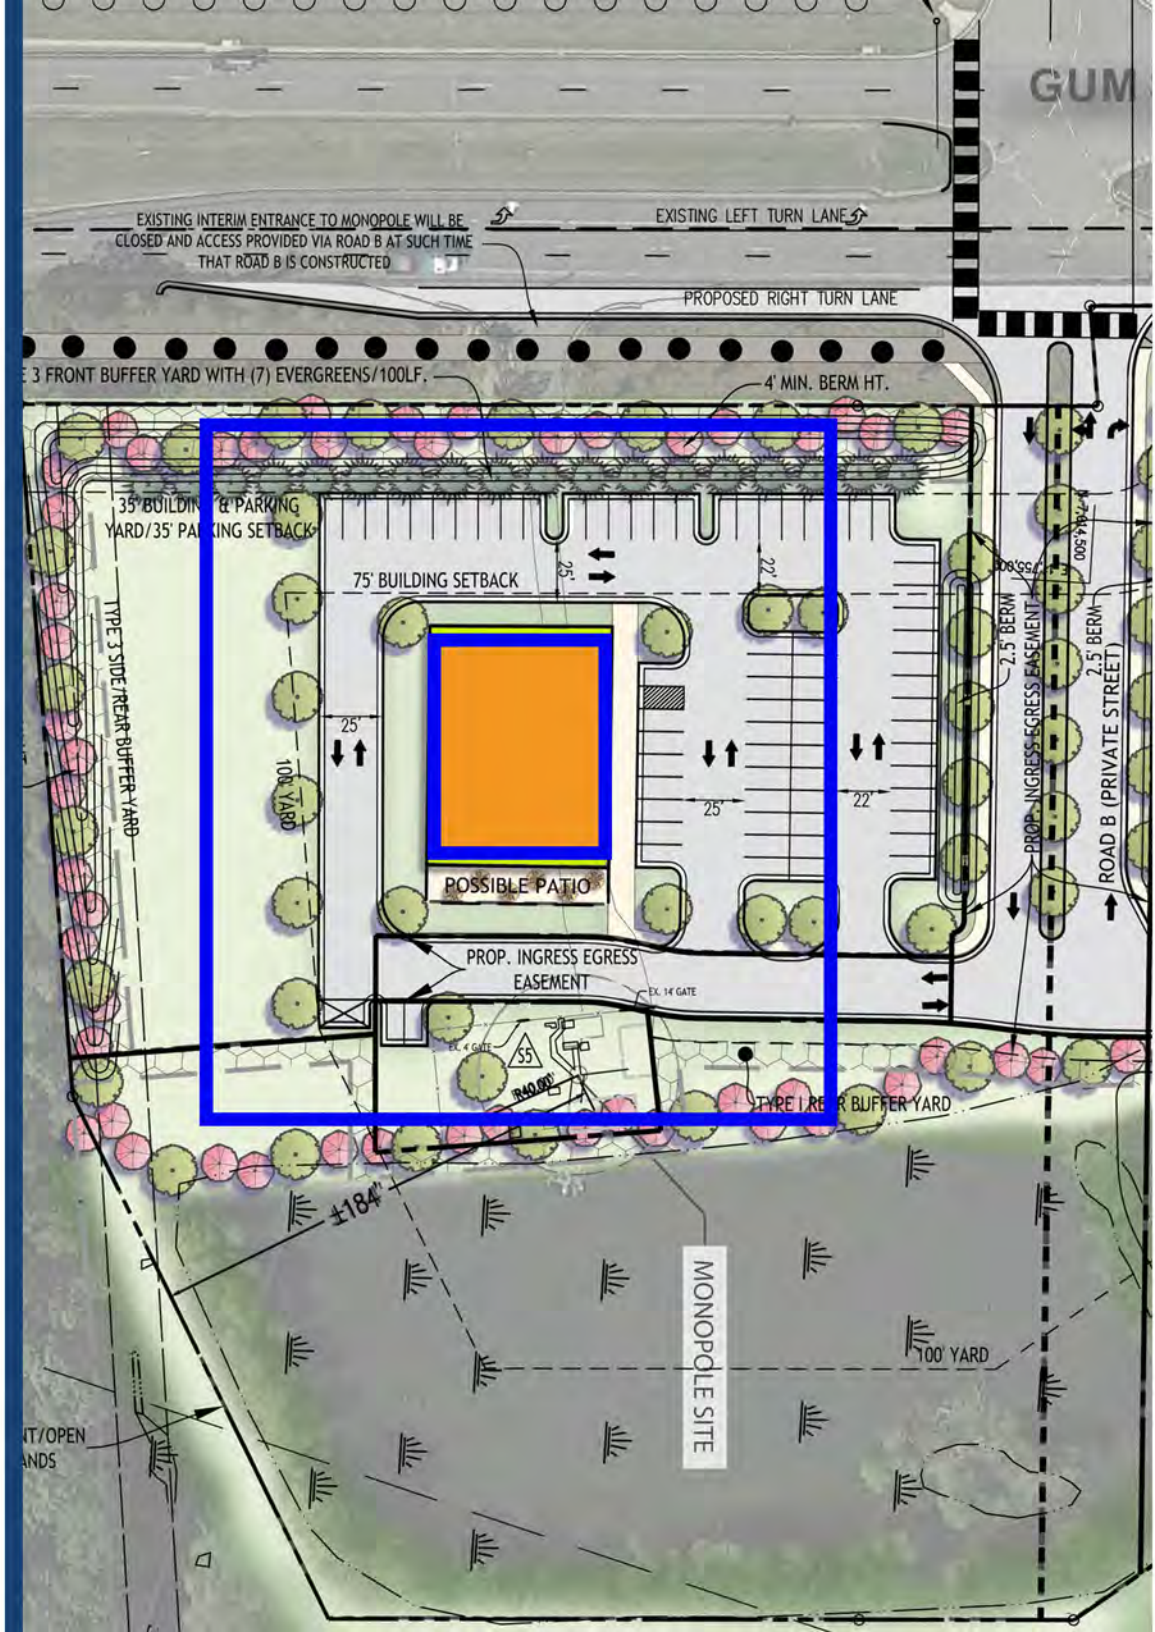

- Retail in Chantilly, Centreville, and at Fair Oaks Mall is located on the major thoroughfares leading to the Arcola/Route 50 submarket from the east; retail west of the submarket is nearly nonexistent.
